EARLY CHILDHOOD EDUCATION
(APPLIED SCIENCE BAS)

CAREER LEVEL: Undergraduate
DEGREE: Bachelor of Applied Science
COLLEGE: University Of Arizona South

The Bachelor of Applied Science in Early Childhood is designed to be a continuation of the A.A. and A.A.S. in Early Childhood degrees (or equivalent) offered at accredited community colleges. The Early Childhood Education (ECE) program will prepare students for a career in organizations that provide structured learning and support services for children ranging from birth through age eight. This program is not intended to provide teacher certification. Students wishing to pursue teacher certification should explore the Elementary Education program with an Early Childhood Endorsement.
