LIBRARY AND INFORMATION SCIENCE (MA)

CAREER LEVEL
Graduate

DEGREE
Master of Art

COLLEGE
College Of Social And Behavioral Sciences

A Library and Information Science degree will prepare you for a meaningful and exciting career in the library and information profession in the 21st Century.

The Master of Arts, with a major in Library and Information Science (MA-LIS), can prepare a student for professional opportunities in a wide variety of environments including libraries, archives, publishing, the corporate sector, the Internet and other technology companies. The curriculum reflects the diversity of library and information environments in which students will eventually work, the populations they serve, and the disciplines of library and information science augmented by an interdisciplinary approach to knowledge and information. The Master of Arts, Library and Information Science is an American Library Association accredited 36 credit degree program.
